MGT TECH

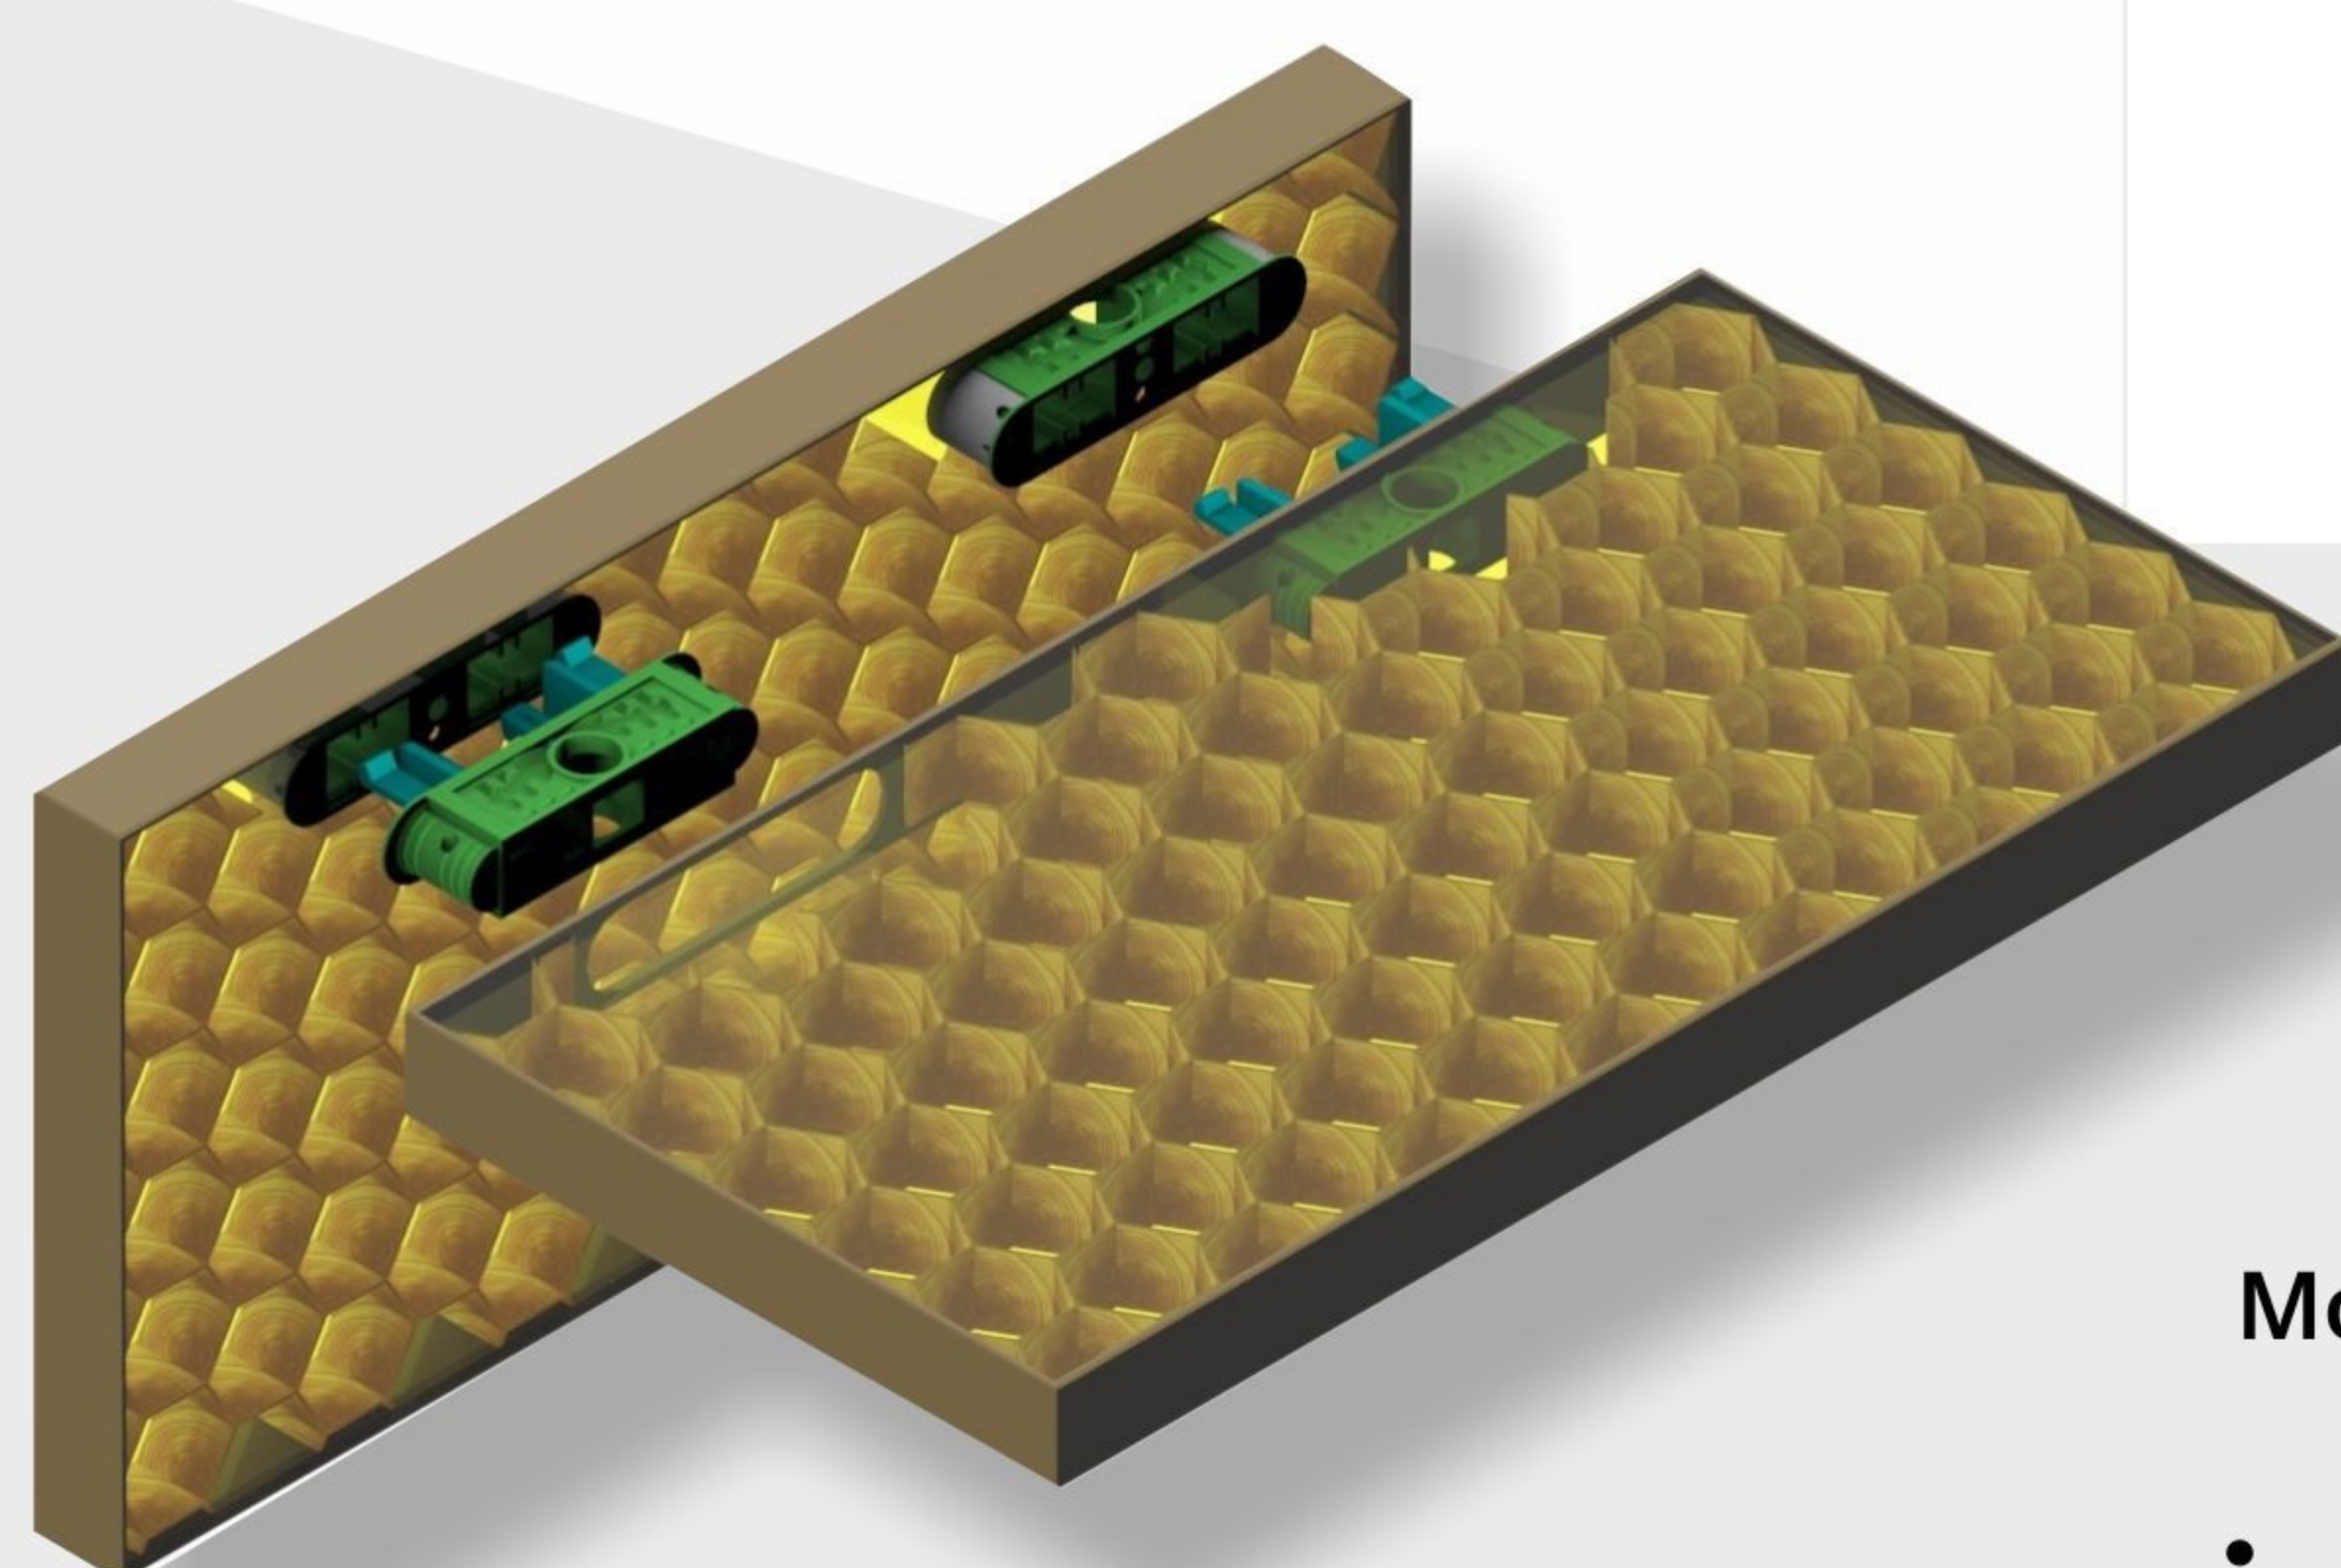

See how simple it is:

LIGHTWEIGHT BOARD FITTINGS

LIGHTWEIGHT BOARDS JOINTS

LIGHTWEIGHT BOARDS INNOVATIVE FRAMELESS SYSTEM

Lightweight boards connection fittings.
Mounting devices for assembly of sliding door driving system.

- invisible
- simple installation
- no tools
- just click and that's it
- applicable to 28 to 50 mm lightweight boards
- applicable to very thin cover plates
- assembly of upper and lower trolleys in frameless lightweight boards
- strength properties equal to and/or exceeding typical fittings requirements
- both for small workshops and specialist corporations
- preparation of boards with one Φ 22mm cutter for all solutions
- inserts glued with single- or bicomponent polyurethane adhesive

The solution patented in the European Union EUIPO.

SLIDING DOOR
